## Scenes from the Square

“The Square: Stills from the Scene: Harvard Square and Cambridge, 1967-1973 Photographs by Steve Nelson” will wrap up its tour this week at the New England School of Art & Design at Suffolk University, 75 Arlington St., Boston. Nelson himself will be at the exhibit on Friday from noon to 5. He enjoys talking to people and answering questions about the photos. “For a lot of people, [the photos] evoke memories,” he says.

After the fall: Former McGovern campaign office in East Cambridge.
